IC2.2

By Inspire Fitness
www.inspirefitness.com

The IC2 Display is an optional accessory that is wireless and pairs with the IC2.

The IC2 Display will monitor cycling performance, displaying Speed / RPM, time, distance pedaled and has a one-touch blue backlight to make the display easy to read in a lit area. The IC2 Display can also display (Polar) heart rate and estimated calories burned when used with a (Polar) heart rate chest strap transmitter (not included). The IC2 Display is sold separately and is only available for use with the IC2 Indoor Cycle.

IC2.2 Product Specifications

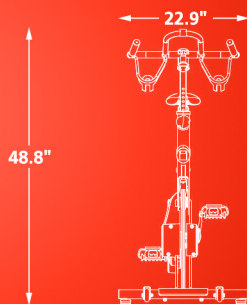

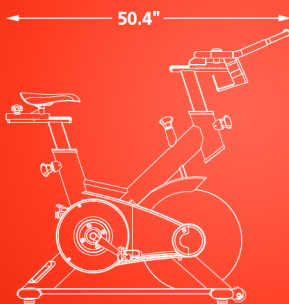

- **Four-way adjustable handlebars and seat stem**, allowing for movement forward, backward, up and down, to fit any type of user.
- **Aluminum seat post and handle bar stem** to prevent rust and corrosion.
- **53 lb. balanced and polished chrome flywheel**.
- **Double-sided pedals** with SPD attachments.
- **Friction-based, smooth control resistance knob** with direct pressure brake.
- **Durable leather** brake pads.
- **Polyurethane dipped handlebars** for non-slip grip coating.
- **Dual, easy-access water bottle holders** integrated into handlebar design.
- **Professional saddle**, made for years of use.
- **Toe mounted stretch pad** on rear stabilizer.
- **Front mounted wheels** for easy transport.
- **Poly-V-Belt for whisper quiet performance** and an exceptionally smooth ride.
- **Electro-plated bike frame** prevents rust and corrosion.
- **Durable powder coated and textured paint**, making it easy to clean and maintain.
- **Fully enclosed crank, belt, and main gear** to protect internal components.
